ORDINANCE NO. 5-2014

AN ORDINANCE AMENDING CHAPTER 21, BUILDING CODE,
ARTICLE 11, COVENANTS ORDINANCES, SECTION 21.127,
UNIFORMITY OF COLORS AND EXTERIOR, OF THE
MUNICIPAL CODE OF THE CITY OF HOMETOWN

BE IT ORDAINED by the City Council of Hometown, Cook County, Illinois, as follows:

Section 1

That Chapter 21, Building Code, Article 11, Covenants Ordinances, Section 21.127, Uniformity Of Colors And Exterior, be amended to read as follows:

21.127 UNIFORMITY OF COLORS AND EXTERIOR

The exterior of all residential structures, including windows, casements, treatments, awnings, doors, roofs, siding, trim, and any other component visible from the exterior of the structure shall be uniform in color, appearance and shall require joint and simultaneous treatment by the owners of both residential units comprising the structure. The intent and purpose of the foregoing restrictions is to establish and maintain an outward appearance of one home unit under single ownership.

Notwithstanding the foregoing, new roofs shall have reasonable similarity as determined by the Building Commissioner. Architectural shingles may be used on the same duplex as 3 Tab shingles provided the color of the architectural shingles matches the color of the 3 Tab shingles.

The color of the windows must be identical. A window may be 3" higher or wider than the window it is replacing.

In the event two owners cannot agree on the color or appearance of the exterior, the Building Committee shall act as arbitrator for the two owners. The owners shall abide by the Building Committee's decision, or alternatively, the owners may return to the original color combination.

Aluminum siding is allowed on the driveway side and rear of any duplex or single family home, but such siding must match existing colors of the owner and house neighbor.

Only small houses with 8" board are allowed to install aluminum siding on the owner's part of whole house, without the owner of the other part of the single structure doing the same, but such siding must match the color of the owner of the other half.

Section 2

The penalty cause contained in Section 1.03 of the Municipal Code of the City of Hometown is adopted herein by reference.

Section 3

If any section, paragraph, clause or provision of this ordinance shall be held invalid, the invalidity thereof shall not affect any of the other provisions of this ordinance.

Section 4

All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed insofar as they conflict herewith.

Section 5

This ordinance shall be in full force and effect after passage, approval, and publication. This ordinance is authorized to be published in pamphlet form.

This ordinance was passed and deposited in the office of the City Clerk of the City of Hometown this 10th day of June, 2014.

When applying for a permit to do work to your home "BY OWNER", anyone that does the work, "family, friend or contractor" makes you the homeowner liable for any personal injury, property damage to your home, driveway or surrounding neighbors occurring during or due to work being done.

When you apply for a permit under a contractors name, the City of Hometown requires said contractor to produce a certificate of insurance when applying for a business license, which is required prior to issuance of a permit. If the work is incomplete or done in a manner less than good quality, the City of Hometown can suspend their business license until the work is completed to the Building inspectors satisfaction. As always, under the City of Hometown Code, all Electrical & Plumbing work must be done by a licensed contractor. All Roofing Contractors must be State Licensed.
